## COUNTY NEWS NOTES.

(To insure insertion ALL correspondence must be in this office by Monday night of each week, and that nearby on Monday morning.)

Our correspondents are derelict in duty and we want to say that henceforth they will not receive papers except for the week they have news letters. We are dependent upon them for the news and when they fail to send in their favors they put us to great inconvenience.

### HOLLY BOQUETS.

Mrs. Amanda Hutton is suffering with la grippe.

S. R. Holland is moving to his farm lately purchased from Geo. Rose at Stillwater.

Miss Gerilda Sewell has been suffering more than a month with heart trouble.

George Sewell and wife visited her father, Robt. Murphy, who is sick with la grippe.

Amos Graham, a merchant of Lee City, visited his parents at Holly, Wednesday.

Uncle John Terrill, of this place, has been confined to his bed with kidney trouble for the last seven or eight weeks.

John R. Hobbs and George Sewell, two enterprising merchants, of Holly, paid Campton a business visit on Monday last.

T. C. Holland has just completed his fine residence at this place. Hansford Elkins did the carpenter's work, and Sam Wilson, of Hazel Green, is beautifying the job with paint.

J. N. Holland was smiling beautifully all day Monday. The cause of said smiles was he had been some 8 or 9 miles away on Sunday and had seen the idol of his dreams. When questioned as to who the charmer was, replied in the following strain:

She's sweeter than the sweetest,  
And nearer than the nearest,  
But where she lives and her fair name,  
I can not, must not tell.

### SWANGO SPRINGS SAYINGS.

D. B. May has engaged to carry the mail from Hazel Green to Pinhook.

Mrs. Ellen Kash, of your town, was the guest of her father and mother, Harrison Swango and wife, the latter part of last week.

A merry crowd of Hazel Greenites came out to the Springs for a Sunday afternoon stroll and judging from the sound of laughter and the swaying of those oak shrubs, they had a most enjoyable time, but we think it would be easier on Henry Ward if he would bring a cable rope and some one to push and scotch for him the next time.

A crowd of little boys visited these hills last week and the oaths and language they used told us very plainly how well their parents and instructors were training up those boys in the way they should go, and we assure you when they get old they will not depart from it. How good the words of W. Jay, when he says, "Youth is

the spring of life; and by this will be determined the glory of summer, the abundance of autumn, the provisions of winter. It is the morning of life; and if the sun of righteousness does not dispel the moral mists and fogs before noon, the whole day generally remains overspread and gloomy. It is the seed-time and 'what a man soweth, that shall he also reap.' A single profane expression betrays a man's low breeding."

Jeff. Crucey is building him a dwelling house on his father's farm in this neighborhood, and will soon be ready to move into his new home.

John Bays, of the Hazel Green academy, passed through Daysboro Sunday. We suppose he was adventizing the school as he was seated beside the prettiest girl we

have seen since Edward Oney quit talking to himself.

Scott Lacy, of Kansas, arrived here Saturday night looking well and hearty. Scott came out to see his mother, who has been sick for sometime, but he found her much improved. We have not had an opportunity to talk with Scott yet, but hope soon to meet him on the public square, and have him tell us all about Mrs. Nation.

Mrs. Fallen, wife of Miles Fallen, says she has a hen that lays six eggs every week. The hen is 4 years old and has never been known to lay an egg on Sunday. But my ma has some hens that is afraid of doing wrong, they won't lay for six days before Sunday comes.

### MORCAN COUNTY.

#### SELLARS SUNSHINE.

Mrs. Eliza Rose, of Stillwater, is visiting among her many friends and relatives in this neighborhood this week.

Mrs. Ida Gambell, of Daysboro, was visiting us one day last week. Our only regret is she did not remain longer.

All right, "Uno," here's how, we are always glad to be in good company, and greatly appreciate your welcome as well as your sayings.

Isam Long and his son Matt. J., made a business trip to the mouth of Blackwater, thence to Pleasant run and West Liberty last week.

Mrs. Nancy Havens has been very ill for several days past, but we are glad to note a slight improvement in Aunt Nan's condition today.

Rev. Harlan McClure has rented his farm on the Nickell fork of Grassy, and will move this week on the J. M. Long farm near the Salem church. We are delighted to have him as a neighbor.

The democratic primary held at this place the 16th went off quietly and peaceably. The unsuccessful candidates taking their defeat as good naturedly as possible.

Nelson Chaney, jr., one of our most energetic and successful stock buyers, has just returned from Mt. Sterling where he sold a drove of cattle last court day. Nelse has several good mules on hand now that he will soon take to Pike county and exchange for more cattle.

A petty thief has been playing havoc with the hen roosts, farm implements, etc., of this neighborhood recently. A few days ago Sammy Taulbee and Dave Cox got on the trail of some gearing that had been stolen, and succeeded in finding it concealed in a pile of lumber on the premises of a Mr. Patrick, living on the head of Grassy. He was arrested and taken before Squire Whitaker for trial. It was proven before the court that he was innocent of the charge.

### The Mountain Girls.

Dr. Pearson has recently said that "the servant girl" question can be solved by training the girls of the Kentucky mountains for cooks and housemaids in the western homes, and he proposes the raising of a fund to establish such a training department in connection with Berea College.

No one acquainted with Kentucky womanhood would give utterance to such a thought. We are quite sure that the women of Eastern Kentucky would resent, en masse, any such indignity thrust upon them. The girls of the Kentucky mountains can be trained for higher stations and positions in life than mere menials. They may become "the queen of the home," the "teacher of the young," the accountant at the desk, the writer, the artist, the skilled nurse, the "pastor's helper," the angel of mercy, the faithful missionary, the first "lady of the land." It is true that they should be trained in the culinary arts, and in all domestic science, but not for the sole purpose of becoming somebody's "servant girl" in a western home.

We must not hold these mountain girls responsible for environments over which they have had no control. Put the girls of the Atlantic slope and plain for so many years in the fastness of the Appalachian Mountains, and would their state be any higher than that of our mountain girls? These girls can cope with the girls of any other section under similar circumstances.

No, Doctor, do not educate and train "our girls for servants in western homes," but educate them for the same reasons you educate "your own girls." The mountain girl is loved, courted and wedded, just as "the girl of the plain." She may not follow just as closely "the head monkey at Paris," and cut her trousseau according to the "latest announcements," but she is clothed, and in her right mind. Her heart beats free, her life is pure, her love is deep, her kindly deeds, and true sympathies are myriad. Give her a chance; help her all you can; take the stone thrown away by the unskilled sculptor, and make life and beauty beam afresh.

Here we have the true Anglo-Saxon woman, and the goal she would attain is second to none other. Her natural endowments are the equal of any other; her acquirements may be as varied as those of any other woman. For pure, robust, genuine womanhood, no land stands higher than the mountains of Kentucky. And they are not asleep; they are not simply passive; they are not slothful. They are full of strength, energy and rugged beauty.

Look in upon the schools in the mountains and see what they are doing. In our Mountain Mission at Hazel Green, we have enrolled 263 pupils. One hundred and nineteen of these are boarders, thirty-three of whom are young women. Twenty-two of our girls are taking lessons on the piano or organ; 21 of them will teach in the district schools during the summer and fall. We have here more than 50 girls over 15 years of age. These are but an earnest of what future years will develop.

Friends of our mountain girls, are you willing that "our girls" shall be trained for "servant girls in the western homes"? Give us here at Hazel Green more buildings, better facilities, and a home

for "our girls," while pursuing their studies, and no one else will outrank them.

Had we the proper facilities, we could readily have under our training annually one hundred or more of these mountain girls. Will not some true friends of Kentucky womanhood make this possible? May God help us to give to the mountain girls what we have long enjoyed.

WM. H. CORD,  
Hazel Green, Ky.

Our institute at Hazel Green was a most delightful one in many respects. Though it is rather difficult to reach Hazel Green, one feels that the trip is worth making when such a hearty welcome is awaiting him. It took us just 34 hours to come the 85 miles from Lexington. They told us the roads were in admirable condition, but it was hard to believe that as we bumped from one peak to another, nearly upsetting "the back" on many occasions and only retaining our seats by the greatest watchfulness and a death-like grip. We reached Hazel Green Thursday evening in time for supper. Prof. and Mrs. Cord have taken the journey before us and they anticipated our increased appetite. A large audience greeted us the first night and each succeeding night we had the house full.

The Sunday-school is a splendid one, above the average mountain school, and the attendance was 101 the Sunday we were there. Bro. W. O. Mize is the efficient superintendent and has held his office for over 30 years. The church is not strong and when the students are away the congregations are very small. They most deservingly receive help from the State Board. One thing noticeable about both church and town is the dearth of old people. We presume this is because Swango spring or some other near there is a spring of perpetual youth and so the people never grow old.

The school under Prof. W. H. Cord is simply beyond description. He has 256 students and 125 of them boarders. Their dormitories unfortunately have never been rebuilt and where he keeps these 125 is a profound mystery to me. One room in the academy is turned over to the young men. The girls are cared for in a temporary boarding hall loaned to the school by Bro. Mize. The balance are scattered among 8 or 10 homes and are packed and jammed almost too much for efficient study. New students are coming in every week and it is interesting to hear Prof. Cord tell his maneuvers in trying to get old and new comfortably adjusted.

There are 5 teachers in the faculty, and while the character of the work done is of the very highest, the classes are crowded to overflow. Prof. Cord is a perfect disciplinarian though his lines of government are generally cords of love. The students attended our institute in large numbers and with pencil and paper gave strong evidence that our work would be repeated to mountain schools this summer and fall. We reached 100 different communities by visiting Hazel Green at this season of the year. Prof. Cord is doing a grand work and his school is easily the gem of the mountains. It should be supported in a most hearty manner, and we believe the C. W. B. M. will see this before another year.

Our Sunday-school revival closed Sunday night and was followed on Monday night by a church revival conducted by H. D. Clark, of Mt. Sterling. We believe what one brother told us is almost true; he said, "Bro. Clark has done more personal work for the mountains than any other bluegrass preacher." We also want to comment on the beauty of starting a church revival with a Sunday-school revival. It is the plan of the Master, "A little child shall lead them."

At present writing we are in Frenchburg, and have been at work 4 days. We aim to organize a school here and will tell of the work done in next week's notes. One other matter for special comment. On the way from Torrent to Hazel Green we had to stay all night at Campton. We went to the only hotel, kept by a disciple, Bro. Combs. After learning who we were and our business, when we went to settle our bill, he told us there was nothing to settle. This we can compare very strikingly with some experiences in the blue grass.—Christian Guide.

H. F. Pieratt on Thursday last arrested Robt. Gilley, jr., who, together with 2 others broke jail at Beattyville on the Thursday before, and on Friday delivered him to the jailer at Beattyville, where he had been incarcerated on the charge of housebreaking, to wit: a grocery on Walker's creek. The other 2 are still at large, but as Deputy Sheriff Pieratt has the scent of a sleuth "they had better look out or the goblins will get 'em."

### Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton.

Topics of sermons at the Christian church Sunday, are at 11 a. m., "The Nature of His Kingdom," and at 7:15 p. m., "The Ox in the Ditch." Every one is cordially invited to attend each service. The chorus class of the academy will furnish some special music at each service.

Ambrose Nickell and family will on Monday remove to Lee City. Mr. Nickell has been manager of J. T. Day's store at that place for several years and his family lived here, where he spent his Sundays. This new arrangement will be more convenient and satisfactory.

The stomach controls the situation. Those who are hearty and strong are those who can eat and digest plenty of food. Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heartburn, belching or any other stomach trouble, this preparation can't help but do you good. The most sensitive stomachs can take it.

Dr. A. C. Nickell left on Monday morning for Coles county, Illinois, where he will practice his profession, his headquarters being at Fairgrange, 2 miles from Bushtor and 8 miles from Charleston. As there is no other physician between the two last named towns he has a large scope of country in which to build up a practice. Andy Nickel, as he is familiarly known hereabouts, is one of the best read physicians ever located here, where he has had a large practice for 7 years past, and his friends bespeak him a practice at his new home that will be more remunerative than that which he had here, considerable of which was for sweet charity.

### A Horrible Outbreak.

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill, of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c at J. Taylor Day, Hazel Green or S. S. Combs & Son, Campton, drug stores.

"No hoof no horse," is as trite as it is true, and every man who has a due regard for that noblest of animals—the horse—should see that he is properly shod. To meet the demand for this scientific shoeing, Rose & Wheeler, the enterprising blacksmiths of this place, have employed Charley Schooley, of Lexington, who has the reputation of being "one of the finest." Mr. Schooley arrived here last week, since which time he has shod several horses and mules, the owners of which are delighted with his work. When you have your horses or mules shod take them to Charley Schooley at Rose & Wheeler's.

J. B. Thompson, of Jackson, Ky., agent for H. M. Nixon Lumber Co., Chicago, Ill., gave us a call Tuesday and informed us that his company had just closed a contract with R. J. McLin, of this place, to log the J. J. Hampton timber, purchased by them on the B— fork of Frozen. The company will at once erect a large band mill near Judge Hampton's residence to manufacture the timber. Mr. McLin anticipates opening a store there, and will employ a large force of men in logging the timber.

## Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you.

A meeting of the citizens of Hazel Green and community, was held at the academy chapel on Tuesday, March 26, 1901, to obtain definite expression of the wishes of the people in regard to the erection of new buildings in connection with and for the benefit of Hazel Green academy.

On motion of John H. Pieratt, John M. Rose was elected chairman, and Edward O. Taulbee, secretary.

The following were appointed a committee on resolutions: J. M. Swango, J. R. Bays and J. B. Davis.

They reported the following which was unanimously adopted:

Resolved, We the citizens of Hazel Green and vicinity in meeting assembled, in order to show our increased and sincere interest in Hazel Green academy, conducted by the C. W. B. M., do hereby reaffirm our promises and pledges to said board made in the spring of 1900, and stand ready to pay and fulfill the same whenever the Board determines to erect boarding houses or other buildings for the benefit of Hazel Green academy.

J. M. SWANGO,  
J. B. DAVIS,  
J. R. BAYS.

On motion of J. M. Ingram, it was further resolved, that

Prof. Wm. H. Cord be requested to present a copy of these resolutions to the committee on Mountain Schools, and that the Hazel Green Herald be requested to publish the proceedings of this meeting.

On motion the meeting adjourned sine die. J. M. Rose, Chm'r.  
Ed. O. Taulbee, Sec'y.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel trouble. H. F. PIERATT.

Deputy Sheriff H. F. Pieratt, S. N. Norman and Curtis Lacy on Monday night, 4 miles above Hazel Green, arrested one Grant Hurst, who broke jail at Frenchburg, Ky., where he was in durance vile under the charge of swiping a man's pile, and for the offense awaiting trial. Hurst seems more a kleptomaniac than thief, this being the fifth time he has been pulled for theft, and he says he can't help it. Four times he has been to the pen, and the present case is so strong that he is sure to land again. After he was arrested he tried to get away, but bullets flew so thick and fast that he gave in to stop the play, and three bullet holes showed in his clothes, by the way. The same three that made the arrest escorted him to the Frenchburg jail on Friday lest he again get away.

**"Circumstances Alter Cases."**  
In cases of dyspepsia, nervousness, catarrh, rheumatism, eruptions, etc., the circumstances may be altered by purifying and enriching the blood with Hood's Sarsaparilla. Try it. Hood's Pills cure biliousness, headache.

Judge G. T. Center on Monday bought of Johnny Kash all of the oak timber on 200 acres of land lying on Gillmore creek, in about 2 miles of the Ohio and Kentucky railroad, now under construction. The consideration was about \$600.

Robert Kash, recently clerking for H. F. Pieratt, of this place, has purchased Rolly Clark's stock of goods at Toliver, and on Monday entered into possession.

The lingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Mar. 26. 'LIZABETH ANN.

R. A. Childers, of Maytown, who is a candidate for representative of the 91st legislative district, Morgan and Wolfe counties, has for years been recognized as one of the most successful business men in the mountains, and it is a fact beyond dispute that the man who makes a success in his own chosen business will make a similar success in managing the affairs of his constituents in political matters. It is therefore safe to predict that should he be chosen to represent us in the next legislature we will have secured a representative who will watch every interest we have. Besides the qualifications mentioned, Mr. Childers is a dyed-in-the-wool democrat, has always been a wheel-horse in close elections; and has a host of friends in both counties. Without disparagement of any other candidate in the field it is claimed by his friends that a better man for the place can not be found in the two counties, and these same friends claim that he is almost sure to land the nomination. We have been away from home for 3 1/2 months and do not know, or pretend to know, the situation. But, taking the consensus of opinion among citizens with whom we have talked since our return it looks like Mr. Childers has a mighty good chance to win, and should he do so all we have said of him will be realized. He is so well known throughout the district that it would be superfluous to give him an introduction. However, to those who are not well acquainted with him, it is proper to say that he is a sober, industrious citizen, a gentleman withal, and a man who allows no man to "out-clever" him. His constituents should weigh all these points along with the character of the other aspirants, and then choose the best man. Eastern Kentucky must send good men to the legislature, and those who are candidates in this district are all good men, so that a choice will be hard to make. All we can say is, send the best man.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexander, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at J. Taylor Day, Hazel Green, and S. S. Combs & Son, Campton, drug stores.

The edition which we propose to get out for the benefit of St. Joseph's Hospital, Lexington, will not appear until the middle or latter part of April because we are awaiting some spring advertising from the merchants of Lexington, which we can not secure until about the 15th of April. It will be a grand medium in which merchants in Mt. Sterling, Winchester, Lexington, and our own county should advertise if they wish to increase their trade. We will print 2500 copies which will be distributed throughout Morgan and Wolfe counties and all along the line of the L. & E. railroad. Rates upon application.

farm lately purchased from Geo.  
Rose at Stillwater.

Lee City, visited his parents at  
Holly, Wednesday.

John R. Hobbs and George Sew-  
ell, two enterprising merchants, of  
Holly, paid Campton a business  
visit on Monday last.

T. C. Holland has just complet-  
ed his fine residence at this place.  
Hansford Elkins did the carpent-  
er's work, and Sam Wilson, of  
Hazel Green, is beautifying the  
job with paint.

J. N. Holland was smiling beau-  
tifully all day Monday. The cause  
of said smiles was he had been  
some 8 or 9 miles away on Sunday  
and had seen the idol of his dreams.  
When questioned as to who the  
charmer was, replied in the follow-  
ing strain:

She's sweeter than the sweetest,  
And neater than the neatest,  
But where she lives and her fair name,  
I can not, must not tell.

### SWANGO SPRINGS SAYINGS.

Rush Swango was at Lacy creek  
Sunday.

Miss Lula Taulbee, of Daysboro,

the mail from Hazel Green to Pin-  
hook.

Mrs. Ellen Kash, of your town,  
was the guest of her father and  
mother, Harrison Swango and  
wife, the latter part of last week.

A merry crowd of Hazel Greenites  
came out to the Springs for a  
Sunday afternoon stroll and judg-  
ing from the sound of laughter and  
the swaying of those oak shrubs,  
they had a most enjoyable time,  
but, we think it would be easier  
on Henry Ward if he would bring  
a cable rope and some one to push  
and scotch for him the next time.

A crowd of little boys visited  
these hills last week and the oaths  
and language they used told us  
very plainly how well their parents  
and instructors were training up  
those boys in the way they should  
go, and we assure you when they  
get old they will not depart  
from it. How good the words of  
W. Jay, when he says, "Youth is

the spring of life; and by this  
will be determined the glory of  
summer, the abundance of autumn,  
the provisions of winter. It is the  
morning of life; and if the sun of  
righteousness does not dispel the  
moral mists and fogs before noon,  
the whole day generally remains  
overspread and gloomy. It is the  
seed-time and 'what a man soweth,  
that shall he also reap.' A single  
profane expression betrays a man's  
low breeding."

vertizing the school as he was  
seated beside the prettiest girl we

have seen since Edward Oney quit  
talking to himself.

Scott Lacy, of Kansas, arrived  
here Saturday night looking well  
and hearty. Scott came out to see  
his mother, who has been sick for  
sometime, but he found her much  
improved. We have not had an  
opportunity to talk with Scott yet,  
but hope soon to meet him on the  
public square, and have him tell  
us all about Mrs. Nation.

Mrs. Fallen, wife of Miles Fal-  
len, says she has a hen that lays  
six eggs every week. The hen is 4  
years old and has never been  
known to lay an egg on Sunday.  
But my ma has some hens that is  
afraid of doing wrong, they won't  
lay for six days before Sunday  
comes.

they sing fourth praises to their

and relatives in this neighborhood  
this week.

Mrs. Ida Gambell, of Daysboro,  
was visiting us one day last week.

his farm on the Nickell fork of  
Grassy, and will move this week  
on the J. M. Long farm near the

to have him as a neighbor.

The democratic primary held at  
this place the 16th went off quiet-

ful candidates taking their defeat  
as good naturedly as possible.

Nelson Chaney, jr., one of our  
most energetic and successful stock  
buyers, has just returned from Mt.  
Sterling where he sold a drove of  
cattle last court day. Nelse has  
several good mules on hand now  
that he will soon take to Pike  
county and exchange for more cat-  
tle.

A petty thief has been playing  
havoc with the hen roosts, farm  
implements, etc., of this neighbor-  
hood recently. A few days ago  
Sammy Taulbee and Dave Cox got  
on the trail of some gearing that  
had been stolen, and succeeded in  
finding it concealed in a pile of  
lumber on the premises of a Mr.  
Patrick, living on the head of  
Grassy. He was arrested and taken  
before Squire Whitaker for trial.  
It was proven before the court that  
he was innocent of the charge.

His Mother by the world's greatest painters.  
True copies of the greatest Masterpieces in  
the art galleries of Europe. Every picture

raphy of the painters, the names and loca-  
tions of the galleries in Europe where the  
originals may be seen. Also contains a  
Child's Department, including a Child's  
Story of the Christ and His Mother, beau-  
tifully written, to fit each picture. This won-  
derful book, matchless in its purity and  
beauty, appeals to every mother's heart and  
in every Christian home where there are  
children the book sells itself. Christian  
men and women are making money rapidly  
taking orders. A Christian man or woman  
can in this community soon make \$1,000

Waite, our agent in Massachusetts, has sold  
over \$3,000 worth of the books in a very  
short time. Mrs. Sackett, our agent in New  
York, has sold over \$1,500 worth of the  
books in a very short time. The book is  
printed on velvet finished paper, beautifully  
bound in Cardinal Red and Gold, and ad-

### The Mountain Girls.

Dr. Pearson has recently said that "the servant girl" question can be solved by training the girls of the Kentucky mountains for cooks and housemaids in the western homes, and he proposes the raising of a fund to establish such a training department in connection with Berea College.

No one acquainted with Kentucky womanhood would give utterance to such a thought. We are quite sure that the women of Eastern Kentucky would resent, en masse, any such indignity thrust upon them. The girls of the Kentucky mountains can be trained for higher stations and positions in life than mere menials. They may become "the queen of the home," the "teacher of the young," the accountant at the desk, the writer, the artist, the skilled nurse, the "pastor's helper," the angel of mercy, the faithful missionary, the first "lady of the land." It is true that they should be trained in the culinary arts, and in all domestic science, but not for the sole purpose of becoming somebody's "servant girl" in a western home.

We must not hold these mountain girls responsible for environments over which they have had no control. Put the girls of the Atlantic slope and plain for so many years in the fastness of the Appalachian Mountains, and would their state be any higher than that of our mountain girls? These girls can cope with the girls of any other section under similar circumstances.

No, Doctor, do not educate and train "our girls for servants in western homes," but educate them for the same reasons you educate "your own girls." The mountain girl is loved, courted and wedded, just as "the girl of the plain." She may not follow just as closely "the head monkey at Paris," and cut her tresson according to the "latest announcements," but she is clothed, and in her right mind. Her heart beats free, her life is pure, her love is deep, her kindly deeds, and true sympathies are myriad. Give her a chance; help her all you can; take the stone thrown away by the unskilled sculptor, and make life and beauty beam afresh.

Here we have the true Anglo-Saxon woman, and the goal she would attain is second to none other. Her natural endowments are the equal of any other; her acquirements may be as varied as those of any other woman. For pure, robust, genuine womanhood, no land stands higher than the mountains of Kentucky. And they are not asleep; they are not simply passive; they are not slothful. They are full of strength, energy and rugged beauty.

Look in upon the schools in the mountains and see what they are doing. In our Mountain Mission at Hazel Green, we have enrolled 263 pupils. One hundred and nineteen of these are boarders, thirty-three of whom are young women. Twenty-two of our girls are taking lessons on the piano or organ; 21 of them will teach in the district schools during the summer and fall. We have here more than 50 girls over 15 years of age. These are but an earnest of what future years will develop.

Friends of our mountain girls, are you willing that "our girls" shall be trained for "servant girls in the western homes"? Give us here at Hazel Green more buildings, better facilities, and a home

for "our girls," while pursuing their studies, and no one else will outrank them.

Had we the proper facilities, we could readily have under our training annually one hundred or more of these mountain girls. Will not some true friends of Kentucky womanhood make this possible? May God help us to give to the mountain girls what we have long enjoyed.

WM. H. CORD,  
Hazel Green, Ky.

Our institute at Hazel Green was a most delightful one in many respects. Though it is rather difficult to reach Hazel Green, one feels that the trip is worth making when such a hearty welcome is awaiting him. It took us just 34 hours to come the 85 miles from Lexington. They told us the roads were in admirable condition, but it was hard to believe that as we bumped from one peak to another, nearly upsetting "the back" on many occasions and only retaining our seats by the greatest watchfulness and a death-like grip. We reached Hazel Green Thursday evening in time for supper. Prof. and Mrs. Cord have taken the journey before us and they anticipated our increased appetite. A large audience greeted us the first night and each succeeding night we had the house full.

The Sunday-school is a splendid one, above the average mountain school, and the attendance was 101 the Sunday we were there. Bro. W. O. Mize is the efficient superintendent and has held his office for over 30 years. The church is not strong and when the students are away the congregations are very small. They most deservingly receive help from the State Board. One thing noticeable about both church and town is the dearth of old people. We presume this is because Swango spring or some other near there is a spring of perpetual youth and so the people never grow old.

The school under Prof. W. H. Cord is simply beyond description. He has 256 students and 125 of them boarders. Their dormitories unfortunately have never been rebuilt and where he keeps these 125 is a profound mystery to me. One room in the academy is turned over to the young men. The girls are cared for in a temporary boarding hall loaned to the school by Bro. Mize. The balance are scattered among 8 or 10 homes and are packed and jammed almost too much for efficient study. New students are coming in every week and it is interesting to hear Prof. Cord tell his maneuvers in trying to get old and new comfortably adjusted.

There are 5 teachers in the faculty, and while the character of the work done is of the very highest, the classes are crowded to overflow. Prof. Cord is a perfect disciplinarian though his lines of government are generally cords of love. The students attended our institute in large numbers and with pencil and paper gave strong evidence that our work would be repeated to mountain schools this summer and fall. We reached 100 different communities by visiting Hazel Green at this season of the year. Prof. Cord is doing a grand work and his school is easily the gem of the mountains. It should be supported in a most hearty manner, and we believe the C. W. B. M. will see this before another year.

Our Sunday-school revival closed Sunday night and was followed on Monday night by a church revival conducted by H. D. Clark, of Mt. Sterling. We believe what one brother told us is almost true; he said, "Bro. Clark has done more personal work for the mountains than any other bluegrass preacher." We also want to comment on the beauty of starting a church revival with a Sunday-school revival. It is the plan of the Master, "A little child shall lead them."

At present writing we are in Frenchburg, and have been at work 4 days. We aim to organize a school here and will tell of the work done in next week's notes. One other matter for special comment. On the way from Torrent to Hazel Green we had to stay all night at Campton. We went to the only hotel, kept by a disciple, Bro. Combs. After learning who we were and our business, when we went to settle our bill, he told us there was nothing to settle. This we can compare very strikingly with some experiences in the blue grass.—Christian Guide.

H. F. Pieratt on Thursday last arrested Robt. Gilley, jr., who, together with 2 others broke jail at Beattyville on the Thursday before, and on Friday delivered him to the jailer at Beattyville, where he had been incarcerated on the charge of housebreaking, to wit: a grocery on Walker's creek. The other 2 are still at large, but as Deputy Sheriff Pieratt has the scent of a sleuth "they had better look out or the goblins will get 'em."

### Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Taylor Day, Hazel Green, or S. S. Combs & Son, Campton.

Topics of sermons at the Christian church Sunday, are at 11 a. m., "The Nature of His Kingdom," and at 7:15 p. m., "The Ox in the Ditch." Every one is cordially invited to attend each service. The chorus class of the academy will furnish some special music at each service.

Ambrose Nickell and family will on Monday remove to Lee City. Mr. Nickell has been manager of J. T. Day's store at that place for several years and his family lived here, where he spent his Sundays. This new arrangement will be more convenient and satisfactory.

The stomach controls the situation. Those who are hearty and strong are those who can eat and digest plenty of food. Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heartburn, belching or any other stomach trouble, this preparation can't help but do you good. The most sensitive stomachs can take it.

See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases. H. F. PIERATT.

The Hazel Green academy, with Prof. Wm. H. Cord, principal, and the eminent corps of assistants, is enough recommendation for the school, which is in a flourishing condition.

Jake Teets, of the Teets Bros. Show, is visiting friends here this week, and confining business with pleasure. The show is wintering at Grayson, and Mrs. Teets is visiting her father and mother at Lebanon, Va.

Counterfeits of our famous Hazel Salve are liable to cause blood poisoning, leave them alone. The original has the name DeWitt's upon the box and wrapper. It is harmless and healing salve for skin diseases. Unequalled for piles. H. F. PIERATT.

Mrs. F. N. Day and daughter wish to announce to the ladies of Hazel Green and vicinity, that they will have their grand spring opening on Friday and Saturday of next week, April 5th and 6th. The display will include all that is beautiful in millinery and up to date. Everybody invited. Beautiful hats—gay, gaily and grave. That man must bow to us the wearer's slave.

Some fifteen or twenty men stopped at the Day House over Thursday night. They were en route to the Caney tunnel to work on the O. & K. R. R. The number of hands that have gone through this place the last few weeks to work on the road, shows that the managers mean business, and are determined to rush the work through.

Dr. A. C. Nickell left on Monday morning for Coles county, Illinois, where he will practice his profession, his headquarters being at Fairgrange, 2 miles from Bushtor and 8 miles from Charleston. As there is no other physician between the two last named towns he has a large scope of country in which to build up a practice. Andy Nickel, as he is familiarly known hereabouts, is one of the best read physicians ever located here, where he has had a large practice for 7 years past, and his friends bespeak him a practice at his new home that will be more remunerative than that which he had here, considerable of which was for sweet charity.

### A Horrible Outbreak.

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill, of Morganton, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c at J. Taylor Day, Hazel Green or S. S. Combs & Son, Campton, drug stores.

"No hoof no horse," is as trite as it is true, and every man who has a due regard for that noblest of animals—the horse—should see that he is properly shod. To meet the demand for this scientific shoeing, Rose & Wheeler, the enterprising blacksmiths of this place, have employed Charley Schooley, of Lexington, who has the reputation of being "one of the finest." Mr. Schooley arrived here last week, since which time he has shod several horses and mules, the owners of which are delighted with his work. When you have your horses or mules shod take them to Charley Schooley at Rose & Wheeler's.

J. B. Thompson, of Jackson, Ky., agent for H. M. Nixon Lumber Co., Chicago, Ill., gave us a call Tuesday and informed us that his company had just closed a contract with R. J. McLin, of this place, to log the J. J. Hampton timber, purchased by them on the B— fork of Frozen. The company will at once erect a large band mill near Judge Hampton's residence to manufacture the timber. Mr. McLin anticipates opening a store there, and will employ a large force of men in logging the timber.

## Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you.

A meeting of the citizens of Hazel Green and community, was held at the academy chapel on Tuesday, March 26, 1901, to obtain definite expression of the wishes of the people in regard to the erection of new buildings in connection with and for the benefit of Hazel Green academy.

On motion of John H. Pieratt, John M. Rose was elected chairman, and Edward O. Taulbee, secretary.

The following were appointed a committee on resolutions: J. M. Swango, J. R. Bays and J. B. Davis.

They reported the following which was unanimously adopted:

Resolved, We the citizens of Hazel Green and vicinity in meeting assembled, in order to show our increased and sincere interest in Hazel Green academy, conducted by the C. W. B. M., do hereby reaffirm our promises and pledges to said board made in the spring of 1900, and stand ready to pay and fulfill the same whenever the board determines to erect boarding houses or other buildings for the benefit of Hazel Green academy.

J. M. SWANGO,  
J. B. DAVIS,  
J. R. BAYS,  
Committee.

On motion of J. M. Ingram, it was further resolved, that Prof. Wm. H. Cord be requested to present a copy of these resolutions to the committee on Mountain Schools, and that the Hazel Green Herald be requested to publish the proceedings of this meeting.

On motion the meeting adjourned sine die. J. M. Rose, Chm'r.  
Ed. O. Taulbee, Sec'y.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel trouble. H. F. PIERATT.

Deputy Sheriff H. F. Pieratt, S. N. Norman and Curtis Lacy on Monday night, 4 miles above Hazel Green, arrested one Grant Hurst, who broke jail at Frenchburg, Ky., where he was in durance vile under the charge of swiping a man's pile, and for the offense awaiting trial. Hurst seems more a kleptomaniac than thief, this being the fifth time he has been pulled for theft, and he says he can't help it. Four times he has been to the pen, and the present case is so strong that he is sure to land again. After he was arrested he tried to get away, but bullets flew so thick and fast that he gave in to stop the play, and three bullet holes showed in his clothes, by the way. The same three that made the arrest escorted him to the Frenchburg jail on Friday lest he again get away.

Judge G. T. Center on Monday bought of Johnny Kash all of the oak timber on 200 acres of land lying on Gillmore creek, in about 2 miles of the Ohio and Kentucky railroad, now under construction. The consideration was about \$600.

Robert Kash, recently clerking for H. F. Pieratt, of this place, has purchased Rolly Clark's stock of goods at Toliver, and on Monday entered into possession.

The lingering cough following grippe calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. Prevents consumption.

## Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Hon. J. W. Steele made a business trip to this place last week.

Ernie Henry and wife, of Judy, were visiting Mrs. Henry's father, J. G. Nickell, last week.

Mar. 26. 'LIZABETH ANN.

R. A. Childers, of Maytown, who is a candidate for representative the 91st legislative district, Morgan and Wolfe counties, has for years been recognized as one of the most successful business men in the mountains, and it is a fact beyond dispute that the man who makes a success in his own chosen business will make a similar success in managing the affairs of his constituents in political matters. It is therefore safe to predict that should he be chosen to represent us in the next legislature we will have secured a representative who will watch every interest we have.

Besides the qualifications mentioned, Mr. Childers is a dyed-in-the-wool democrat, has always been a wheel-horse in close elections; and has a host of friends in both counties. Without disparagement of any other candidate in the field it is claimed by his friends that a better man for the place can not be found in the two counties, and these same friends claim that he is almost sure to land the nomination. We have been away from home for 3 1/2 months and do not know, or pretend to know, the situation. But, taking the consensus of opinion among citizens with whom we have talked since our return it looks like Mr. Childers has a mighty good chance to win, and should he do so all we have said of him will be realized. He is so well known throughout the district that it would be superfluous to give him an introduction. However, to those who are not well acquainted with him, it is proper to say that he is a sober, industrious citizen, a gentleman withal, and a man who allows no man to "out-clever" him. His constituents should weigh all these points along with the character of the other aspirants, and then choose the best man. Eastern Kentucky must send good men to the legislature, and those who are candidates in this district are all good men, so that a choice will be hard to make. All we can say is, send the best man.

### Night Was Her Terror.

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexander, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 58 pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c and \$1.00. Trial bottles free at J. Taylor Day, Hazel Green, and S. S. Combs & Son, Campton, drug stores.

The edition which we propose to get out for the benefit of St. Joseph's Hospital, Lexington, will not appear until the middle or latter part of April because we are awaiting some spring advertising from the merchants of Lexington, which we can not secure until about the 15th of April. It will be a grand medium in which merchants in Mt. Sterling, Winchester, Lexington, and our own county should advertise if they wish to increase their trade. We will print 2500 copies which will be distributed throughout Morgan and Wolfe counties and all along the line of the L. & E. railroad. Rates upon application.
